DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ralph Dowell on March 28, 2007.

2. The application has been amended as follows:

In claim 23, line 10, the semicolon “;” has been replaced with --, wherein each segmentation context comprises a byte count value and a cyclic redundancy check value--.

The examiner's amendment was made to place the claim allowable.

Allowable Subject Matter

3. Claims 23, 24, 45, 46, 48, 49, 52, and 53 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or make obvious the steps of or means for **“maintaining a number of segmentation contexts such that one segmentation context is maintained per packet being segmented, and using the segmentation context to generate the trailer that is append to one of the segments of the packet being segmented, wherein each segmentation context comprises a byte count value and a cyclic redundancy check value”**, when the maintaining is considered within the

specific combination of steps recited in the method of claim 23. The prior art of record fails to teach or make obvious the steps of or means for **“wherein the segmentation engine maintains at most one segmentation context per packet being segmented, and wherein each segmentation context comprises a byte count value and a cyclic redundancy check value”**, when such segmentation context is considered within the specific structure of the device recited in claim 45.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
